Say No to Crackers – A Call for a Safe and Healthy Celebration

Dear Parent,

With the festive season approaching, we urge all our parents and students to celebrate responsibly. As part of our commitment to the safety, health, and well-being of our children and the environment, we request your kind support in **discouraging the use of firecrackers**.

Why Say No to Crackers:

- **Health Concerns:** Firecrackers release harmful smoke and chemicals that can cause respiratory problems, allergies, and eye irritation.
- **Environmental Impact:** Crackers contribute to noise and air pollution, harming animals, the elderly, and the planet.
- **Safety Risks:** Firecrackers can cause burns, injuries, and accidental fires.
- **Promoting Mindful Celebrations:** Choosing eco-friendly and safe alternatives fosters a culture of responsibility and care.

How You Can Help:

- Encourage children to celebrate with **light, music, and family gatherings** instead of crackers.
- Promote **eco-friendly celebrations**, such as decorating with lights, flowers, and handmade crafts.
- Lead by example by **avoiding the purchase and use of firecrackers**.

Let us work together to ensure that this festive season is joyful, safe, and memorable for all.
